"The future is bought with the present"

-Samuel Johnson

Through rain or shine the show must go on, and so it was with our homecoming held the week of October 7. The showers only managed to cancel one activity—the famed egg-toss. The traditional dress-up days found students decked out as clowns, Hawaiians, and nerds. On Thursday, there was a tremendous struggle at the ropes, with the senior girls and the senior boys coming out victorious in the tug-of-war. Following this, the Student Council hosted a barbecue and carnival. This found all the nerds eating pork steaks, blowing bubble gum, being squirted by assassins, dunking teachers, taking out aggressions on the local junkyard car and various other activities. Blue and white day on Friday gave the cheerleaders an edge to promote even greater enthusiasm during the pep assembly. A skit was performed by the football players to promote school spirit as the volleyball team cheered on the "Bleacher Creatures". The week was brought to a climax with the dance Friday night, the parade and big football game on Saturday. The freshmen float won 1st place in the float category and the Yearbook car took first in the truck and car category.

1. Watch out Khadafy, here comes Angie McClenahan. 2. The freshman girls pull with all their might. 3. Janelle Lanigan and Kerry Krieg are just clowning around. 4. Freshman at their best. 5. Aloha! Mark Feurer. 6. Sophomore cheerleaders participate in the annual parade. 7. "We nerds are fighting back," says Brandon McAlister and Brian Carpenter. 8. "Left, right, left, right, pick up those feet!" 9. "Oh, I just love lunch," says nerdy Brett Schuessler. 10. "Hey! I don't want to burn!" exclaims Brian Garland. 11. The rainbow look — Brian Carpenter and Brandon McAlister. 12. Miss Boyer reveals her true life's ambition. 13. The French Club booth looks busy. 14. The Car Bash always has a crowd.

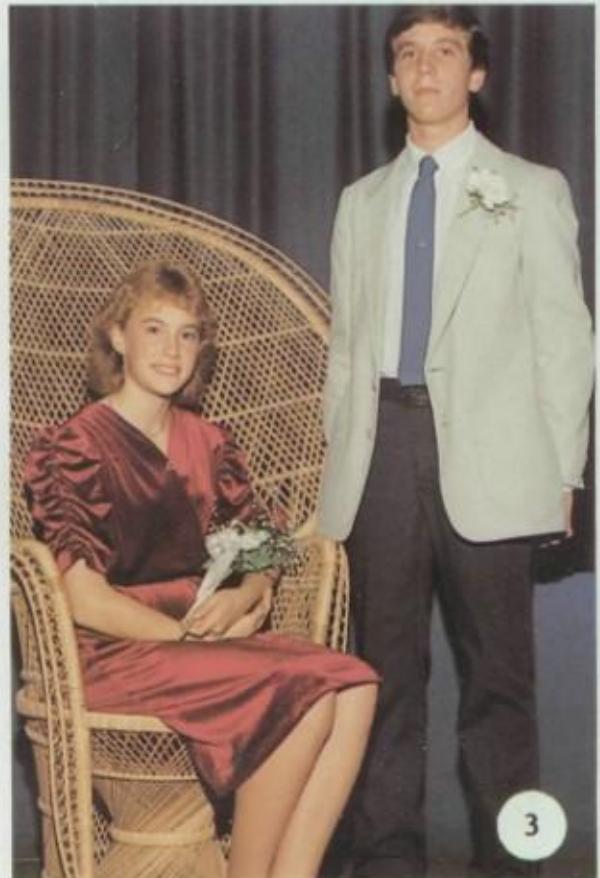

HIGHLIGHTING THE HOMECOMING DANCE, was the crowning of the new queen, *CHRIS HELFRICH*, by retiring queen, Julie Klein.

TROJANS TOPPLE MIDGETS

Midget fans stormed the stadium Saturday, October 12, to cheer the team on in the homecoming game against the undefeated Madison Trojans. The Midgets went in at halftime leading by a score of 8-0. Junior D.J. Miles pounced on a Trojan fumble that eventually led to a 1 yard scoring run by Junior Doug Parrish. The Midgets, electing to go for a two point conversion completed a Carpenter to Becherer pass that made the score 8-0.

The second half, however, was all Madison as they scored 18 unanswered points, leaving the final score a disappointing 18-8.

Parrish again led all runners with 76 yards on 17 carries and 1 touchdown. Senior Gary Watson turned in a solid performance by gaining 37 yards on 14 rushes. Senior Brett Carpenter connected on 4 of 14 passes for 64 yards and had two intercepted.

"Too many horses too many times," was the way head coach Dennis Dalke summed up the contest. "I'm awfully proud of the way our young men played. They did a tremendous job out there but Madison just wore us down."

A TRIBUTE TO DEDICATION

The 1986 Spotlight staff dedicates these pages to four Freeburg High School faculty members who have devoted their time and energies to the intellectual development of our youth for twenty plus years: MR. ED MOBLEY, MR. JAY BUTTS, MR. GORDON BUTCHER AND MR. DON ELKINS. Recognizing the patience and devotion necessary in your chosen career, the staff and students at Freeburg High extend their appreciation for your years of service.

Photographs shown here are from the 1967 Spotlight. The following questions were asked of these faculty members and responses are included beside each of their pictures.

1. What originally inspired you to pursue a career¹ in education?
2. Statistics show that working people normally change jobs every 5-6 years, yet you have continued with your career for 20+ years. What reasons would you give for your decision to remain in education?
3. You have stayed at Freeburg during these years. Are there special qualities about this school that have prompted you to remain on staff here?
4. Have you seen any changes in education over the last 20 years that you feel have significantly impacted the educational process?
5. What kind of changes, if any, have you noticed in students over the last 20 years?
6. What was your most memorable moment here at FCHS? most embarrassing?
7. What are some of the best excuses you've heard in your years of teaching?
8. If you were starting over again today, would you still pursue a career in education?

MR. ED MOBLEY

I was inspired to enter the teaching profession by two of my high school teachers. My vocational agriculture teacher was an excellent teacher and I wanted to follow in his footsteps. I have stayed in teaching because I like the job. I enjoy teaching high school students, and dealing with youth on a daily basis.

I enjoy teaching in a small system and living in a small community. Freeburg is small but also close to the city for entertainment and recreational events. The building and equipment are good which helps make good teaching possible.

Most of the changes that I have noticed were not in education so much as in the attitudes and habits of some of the students and adults. In the past few years there seems to be a change back to more traditional values in education which should help in the years to come. The students have changed some but students are still students. They still do about the same things. The major changes have been in outside influences such as television, alcohol, and drugs.

The most memorable times in teaching have been those times when former students of Biology go on to college and distinguish themselves in some field of science. I have had many embarrassing moments at FCHS, like handing out the wrong test, but at the moment none stand out.

Some good excuses from my students have been: my dog ate my homework, dad spilled coffee on my homework, mom used my homework to start a fire and I dropped my homework while coming down the stairs and it went down in a crack between the stairs and the wall.

If I had to start over again I would still want to be a Biology teacher because I enjoy my job.

MR. JAY BUTTS

In August 1965, I began teaching at Freeburg High. At that time the school had about 350 students and 18 faculty members. Since I had been a life-long resident of St. Clair County, I was somewhat familiar with the area and the people. I had no problem adjusting to the people and ways of the Freeburg area. Now that I am finishing my 21st year in education, and at Freeburg, I can definitely say that I have enjoyed working with the people associated with the school.

Over the years I have seen many students come and go. Many of these students have given me lasting memories. It gives a person a feeling of accomplishment to see students succeed in their chosen profession.

Through these many years, Freeburg High has had numerous changes. Our original building complex was basically destroyed by a tornado in May 1968. Our present building takes on a completely different appearance than the school had at the earlier time. Our newer facilities are far superior to the original facilities and our student body is somewhat larger in number.

In 20 years the educational curriculum has greatly changed. In 1965 FCHS offered a limited program. Today's curriculum challenges our students and easily competes with any high school in the area. The student body today is far more competitive than the students of 20 years ago. The rural atmosphere is not as prevalent as it was in the past. Students are much more metropolitan in their ways of acting and thinking.

If I had to start my career again, I would probably choose education. I can think of no other occupation which would be any more challenging or satisfying than teaching.

MR. GORDON BUTCHER

I don't think any one individual inspired me to become a teacher. I was fortunate to have a lot of good teachers during my grade school years so that by the time I was a sophomore in high school I had decided on teaching as a career. If I had to choose between a different career and teaching, I would still choose to teach because I enjoy teaching. I also enjoy working with people and find teenagers an exciting group of people.

At Freeburg I have had the pleasure of working with a lot of good people. I attended a large high school and found it to be very impersonal. In the small school there is much more personal contact.

I think the most significant change was reflected in the curriculum of the 1970's. Today we are seeing a movement questioning the creditability of the educational system and a more conservative approach to education. The students of today are basically the same as those of yesterday with the exception that today's student seems to have more free time and more activities to be involved with.

My most memorable times have occurred when meeting former students who thank you and indicate how much they learned and appreciated your class. My most embarrassing moment in the classroom shall remain my secret.

Every job has its drawbacks and teaching is no different. If I had to start over I would still choose teaching as a career. I would concentrate not only in my present subject area but also in the sciences. Change is exciting and the social sciences are constantly changing.

MR. DON ELKINS

I had a very good math teacher in high school who was influential in my decision to become a teacher. I have stayed in education because I haven't found anything I would enjoy more. I know there are other jobs I would like to have but not having any training in a particular field, I have stayed in education. I like small schools - you get to know all the students and faculty better. I have met and acquired a number of great friendships through FCHS and the town of Freeburg.

I've seen a number of small changes over the years. I would like to see us get back more to the basics and have more preparation for those students who are not going to college.

I think the students show less and less respect for authority of any kind and unfortunately for the school, they seem to have less and less school spirit each year. They are more interested in the outside activities than what is going on here in school. Involvement in extra-curricular activities is part of school also.

There have been several positive moments over the twenty years but probably the dedication of the yearbook in 1975 was the most memorable. The excuse I enjoyed the most was when a student did not turn in a homework assignment because he said his "dog ate it". Well, come to find out his dog not only ate the homework but he also ate his history book.

I would not get into education if I could start over. Since I have been earning a living, I realize that I would choose something that has a better financial reward. I wouldn't want to work where I made a lot of money and hated my job but I would like a job that I enjoyed as much as teaching and would allow me to earn more than I do now.

There are some things you can give another person, and some things you cannot give him, except as he is willing to reach out and take them, and pay the price of making them a part of himself. This principle applies to studying, to developing talents, to absorbing knowledge, to acquiring skills, and to the learning of all the lessons of life.

Sidney Hummert receives one of many departmental awards.

Chris Skaer accepts his NHS certificate and pin from Todd Vonderheide.

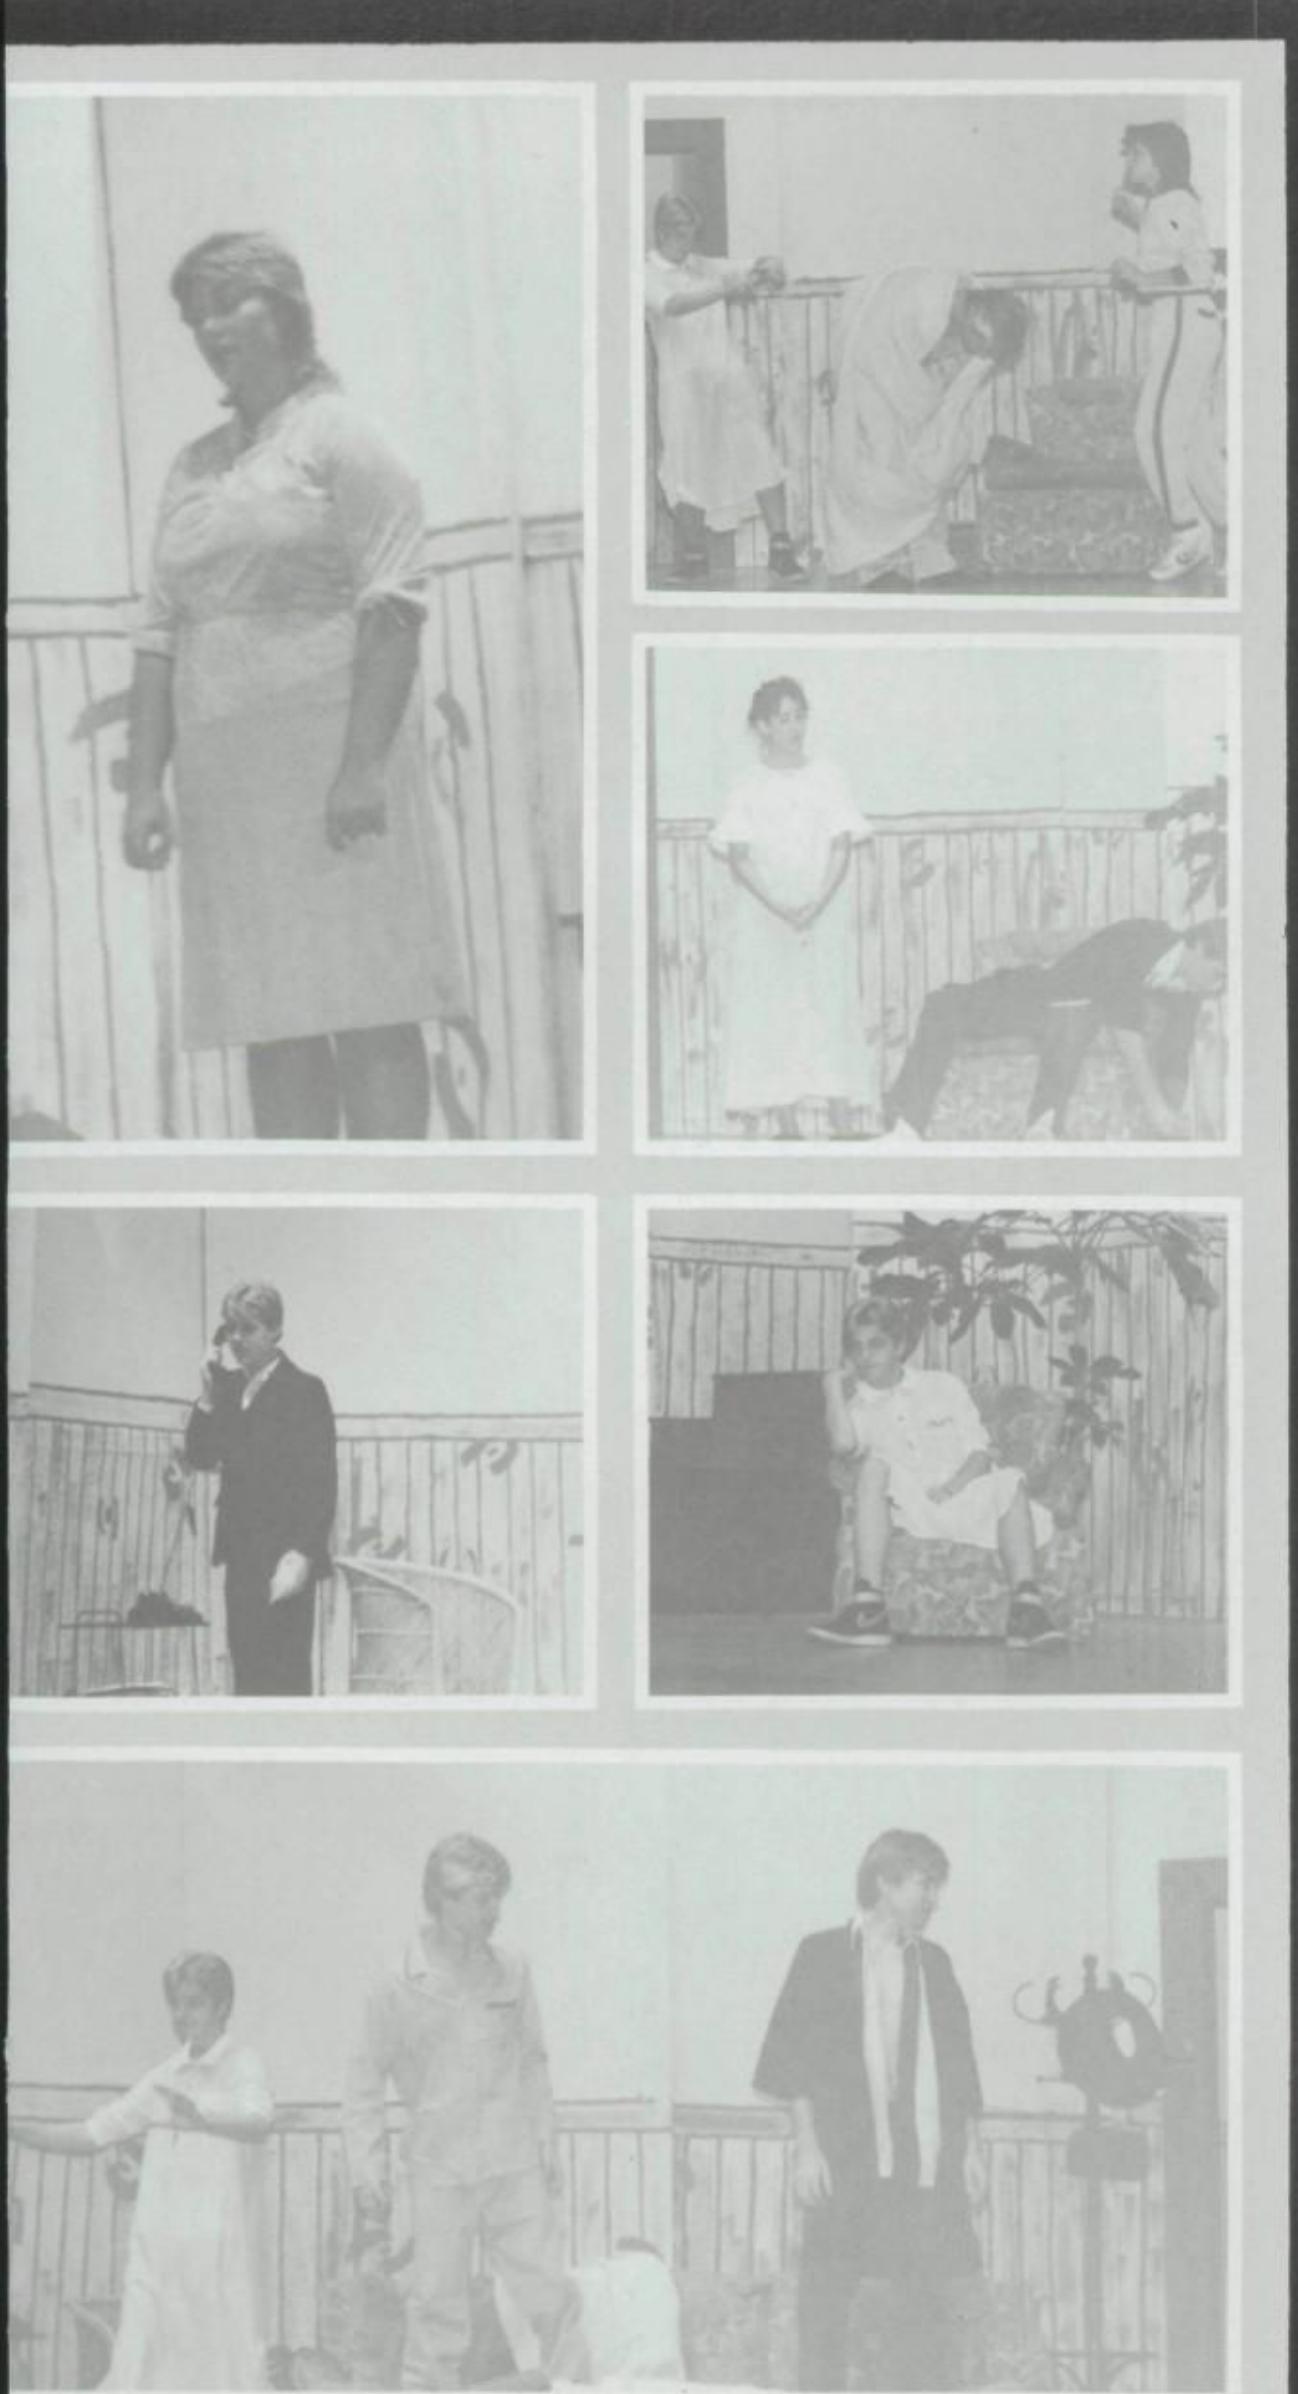

"REST ASSURED"

"Rest Assured" was the play presented in the fall of 1985. It was a story of a man, Mr. Morlock, (Jeff Miller), who was very rich and very greedy. In the play his daughter, Mary (Stephanie Wolf), wants to marry a poor man's son (Jason Adams). Mr. Morlock is absolutely against this union because the son, Joe Lanconi is poor. Mr. Morlock has a dream that then makes him take a good look at himself and change.

Other characters in the play were- Jessica Morlock — Janelle Lanigan, Mildred, the maid — Erin Kiefer, Miss Akers, Mr. Morlock's secretary — Vickie Garland, George Plew, Mr. Morlock's lawyer — Jim McDuffy, Luigi Lanconi, Joe's father — Steve Corcoran, Mrs. Morlock — Stacey Wilson, Dr. Brown — Mike Miles, Lucifer and a lady — K. Nolan Meggs, Mrs. Schmaltz and Mrs. Frinck — Stephanie Bussen, Mr. Black — Eric Smithson, Martha, Luigi's wife — Julie Recker, Jake — Wade Walcher

Playing an important role behind the scenes were: SET DESIGN: Kathi N. Meggs
SET CONSTRUCTION: Bob Neighbors — Chairman Staci Clossen, Mike DuQuette, Lisa Helms, Doug Parrish, Kara Wilson, Mike Miles; PUBLICITY: Jackie Rhodes — Chairman, Theresa Collingsworth, Susan Huskey, Bob Kehrer, Lisa Lawrence, Laura Moore, Jenny Pfannebecker; LIGHTS AND SOUND: Kathi Meggs — Chairman, Lisa Helms, Chad Meggs, Cheryl Roedl, Sheri Bussen, Doug Parrish; COSTUMES: Kris Triefenbach-Chairman, Shelly Nordhaus; PROPERTIES: Cheryl Roedl-Chairman, Sheri Bussen, Shelly Wiegand; MAKE-UP: Shelly Weigand-Chairman, Sheri Bussen, Richelle Matchett, Cheryl Roedl, Rebecca Wiskamp; SCRIPT GIRLS: Sheri Bussen, Cheryl Roedl.

LOVE IS MURDER

"Love is Murder" is a delightful comedy-murder mystery which spoofs romance novels and the people who write them. The story is set in the vacation home of Valentina Velour, "Queen of Romance Fiction". Throughout the house a parade of romance writers, each pretending to be a character from one of their novels, guarantees to keep the audience laughing. Jane Err, a gothic romance writer played by Stephanie Wolf; Calamity Lovett, a western romance writer played by Julie Range; and Pearl Sweet, a romance writer who uses subplots played by Helen Leljedal, all vying for the position of "Queen of Romance Fiction", held by Valentina Velour played by Stacey Wilson. Add to the maddening crowd a T.V. producer, John Seipp; a literary agent, Jeff Miller; a nutritionalist and vitamin doctor, Doug Parrish; a police detective, Mike Miles; houseman, Jim McDuffy; maid, Stacey Price; and a mysterious body in the closet. A surprising element in the story is that many of the characters are not who they seem.

Behind the scenes personae:

SPORTS

The Mighty Spikers had an extremely successful season. The team peaked throughout the season by capturing 2nd in both the Carbondale and Belleville West Tournaments. Near the end of the season, the spikers were a team to watch by winning the State Regional against Red Bud and then advancing to the State finals of the Sectional, barely losing to Mater Dei, 17-15, 8-15, 13-15. The captains for this season were April Sabo and Mary Mueller. Many individual accomplishments were made: Mary Mueller and Dawn Egelston-All Area, 1st Team; Lisa Mueller-All Area, 2nd Team; Mary Pardee-All Area, Honorable Mention.

1st row: Fritz Holcomb, Bob Seymour, Mike Joseph, Todd Vonderheide, Chris Schenewerk; 2nd row: Brett Carpenter, Dennis Thoma, Mark Feurer, Chris Skaer, Bob Biehl. Fred Blumberg (coach).

The team watches as the opponents score two.

Leading the team this year in each of the following areas was: Bob Biehl, field goal shooter-.506; Fritz Holcomb, assists-2.8 per game; Brett Carpenter, free throws-.758; Bob Biehl, rebounding-5.6 per game; Fritz Holcomb, steals-1.6 per game and scoring-13.7 points per game. Coach Blumberg said, "Although the season was not intended to be a rebuilding year, it ended up being just that as a number of younger players earned valuable playing time. The Midgets played tough defense all year but were hampered by too many turnovers and poor field goal shooting."

The team has to do crazy things once in a while, but in a game?

Photo by Deanna Ripplinger

This year's superb captains were Todd Vonderheide, Ray Gerfen, and John Zawodniak. Two of the captains, Ray Gerfen and John Zawodniak, were named All Conference; and John Zawodniak was named All Area. Three of the varsity members qualified for Sectionals and these were John Z., Ray Gerfen, and John Seipp.

This year the team ran in new uniforms and new sweat suits for the first time in a long time.

Even though we had a large team, we had several different people running varsity. We had a pretty good year, but we just didn't run well at regionals. Because of the large team, a lot of kids realized they could compete at a longer distance. The team worked very hard and was very dedicated.
